

Todd Edwards
Head, U.S. Immunology Patient Value Unit
UCB

Todd Edwards is head of the U.S. immunology patient value unit. Leading the immunology business in the U.S., Todd is committed to transforming our business to deliver maximum value to patients living with autoimmune disorders and treatment of autoimmune and inflammation-related diseases in the United States.

Prior to joining UCB, Todd was general manager with AbbVie, where he led the U.S. AbbVie Renal Care marketing, sales, and contracting organizations. He began his career in pharmaceuticals in 1992 with TAP Pharmaceuticals, Inc. While at TAP, he held various management positions in sales, market access and government affairs. He moved from TAP Pharmaceuticals to Abbott in 2008 where he assumed the role of senior sales director, and then senior director - marketing.

Before he began his career in pharmaceuticals, Todd served as a commissioned officer in the United States Army and was stationed in Fort Campbell, Kentucky. During his five-year service, he served as flight platoon leader and flight operations officer and pilot. He was awarded the Army Distinguished Flying Medal and the Bronze Star.

Todd received a Bachelor of Science from East Tennessee State University and an MBA from Embry-Riddle University.
